# What is Learn to Ride?

These private lessons teach children (10 and older) and adults how to ride a bike. You'll lean how to balance, start, pedal, stop, turn, and shift gears successfully. Individual sessions are one to two hours long. Learning to ride a bicycle is fast and easy especially for adults. Learning time varies from person to person, but typically students learn to ride in two to three hours.

## What is Traffic Skills 101?

This course refines and refreshes your bicycling skills so you can ride with confidence. Whether you use your bike for fitness, commuting, touring, riding in a group, or leisurely enjoying your local multi-use bike path, the skills you learn will boost your confidence while riding.

Whether you are a beginning or experienced cyclist, Traffic Skills 101 offers something for everyone. Some of the topics covered:

- Finding the Right Bike for You
- Properly adjusting your bike
- Clothing and Equipment
- Pre-ride Safety Check
- Basic Maintenance and Fixing Flats
- Shifting for Comfort and Safety
- Avoiding Crashes
- Riding Safely in Traffic
- Trail Etiquette
- Essential Bike Handling Skills and Emergency Maneuvers (in-class and on-bike)
- Supervised Traffic Cycling Practice (on bike)

# Why learn through Pedal America?

Pedal America promotes bicycling as an all-inclusive activity. We create opportunities for people to learn and ride together! Plus, all our certified LCI's offer a safe and fun learning environment.

## What is an LCI?

LCI stands for League Cycling Instructor. Every instructor who works under the Pedal America brand has gone through extensive training and passed the intensive LCI course administered by The League of American Bicyclists (<a href="www.bikeleague.org">www.bikeleague.org</a>). Our instructors are certified to teach both children and adults. All LCI's are covered by The League's liability insurance.

# When are classes held and what do they cost?

Most classes take place on Sundays and Saturdays. We can also arrange classes for some weekdays.
